

Daniel's 70th Week Found in Revelation

[Daniel 9:24-27](#)

[Revelation Chapter 6](#) – gives us a summary of Daniel's 70th week, the Tribulation or the last 7 years of the Jewish Age.

God gave the Jews 490 years to glorify Him and they failed, and their failure was the 70 years of the Babylonian Captivity. (586 to 516 BC)

A part of their failure was that they did not observe their sabbatical years and they accumulated 70 Sabbaticals in those 490 years. They took them all at one time. Then God gave them another 490 years, but it was cut short at 483 – the 7 years of the Tribulation. The Cross interrupted, the time was cut short into which the Church Age was inserted.

That is the summary found in [Daniel 9:24-27](#).

SUMMARY

- I. The Jews had 490 years.
- II. They missed their Sabbatical every 7 years.
- III. Divide 7 into 490 = 70
- IV. God gave them these 70 in 70 years of Babylonian captivity.
- V. Then God said to Daniel, *"I will give you another 490 years to complete your responsibility."*
- VI. However, 483 years from the time of the Babylonian captivity, the Cross occurred. (7 wks. = 49 yrs.)
(Then 62 wks. ([Daniel 9:25](#)) = 434 plus the 49 years – 483 or 7 years short)
- VII. This means that the Jewish period was cut short by 7 years. This is the exact amount of time designated for the Tribulation described in [Revelation Chapter 6](#) and [Chapter 7](#).
