

Seeing Ephesians 3:3 More Clearly

Revelation = ἀποκαλυψιν = disclosure

Paul is letting us know how he got clued into the information relative to the Church Age – the Mystery Age.

“made known” API – point of time – Paul was the recipient from HS and the Ind. Mood speaks of the reality of his learning. “From Divine Disclosure the Concept of the mystery was made known.” (2, 3, & 7) Paul said “*To ME*” dative of advantage. It was to his advantage to have this information so that from his soul he could communicate these marvelous truths.
