

Human Spirit (Advanced Study)

The Human spirit is the immaterial part of the believer designed by God to convert and utilize Spiritual Phenomena. (CONVERT – STORE – UTILIZE)

- 1.) The Holy Spirit is designated to take GNOSIS γνῶσις and convert it to EPIGNOSIS – ἐπιγνώσις (Don't allow gnosis to lay dormant. If gnosis remains without some blending (some addition) it can become sour and become useless – rather than phroneo φρονέω – objective thinking, it can become δοκέω – subjective thinking)
- 2.) Epignosis then activates Truth in the soul.
- 3.) There has to be the conversion of gnosis to epignosis which will then result in SOPHIA σοφία – WISDOM.
- 4.) WISDOM is the application of knowledge.
- 5.) Sophia is objective thinking resulting in epignosis which becomes usable in the mentality of the soul (καρδία).

NOTE HERE:

1. GNOSIS can be converted to IMAGINATION – NOEO – νοέω Mind functioning – not best.
2. GNOSIS can be converted to DOKEO - δοκέω – subjective thinking – Not good.
3. GNOSIS must be received quickly, quietly, converted to epignosis so that epignosis can go to the “take off” position of the soul so that when airborne, it can become WISDOM – σοφία
