

# Four Key Words: Resurrection, Resuscitation, Theophany, Christophany

---

**RESURRECTION** is a state of having a new house for the soul, which lasts forever. Only one person to this point in history has received a resurrection body – the Lord Jesus Christ. [1 Cor. 15:20](#)

**RESUSCITATION** is the state of having been revived from apparent death or from unconsciousness; a person in such state will die again.

**THEOPHANY** is an appearance of Jesus Christ prior to His incarnation.

A **CHRISTOPHANY** is an appearance of Jesus Christ after His resurrection. The New Testament documents both resurrection and post-ascension appearances of our Lord.
