

Spiritual Buildings of History

1. There are two spiritual buildings in history: Israel and the church.
2. Believers who are a part of the superstructure of either of those two buildings will never be disappointed regardless of whether they are winners or losers in their spiritual lives.
3. God's plan in every dispensation (Age of Israel and Church Age) begins with faith alone in Christ alone.
4. That salvation can never be lost, canceled or reversed.
5. JC in hypostatic union, as the chief cornerstone is the foundation for these two invisible buildings.
6. The church, as a building, is in the process of construction at the present time.
7. When the "rapture" or resurrection of the body of Christ (the church) occurs, the church will become a spiritual temple for all eternity.
8. Israel also has JC as its foundation but because Israel rejected Jesus Christ at the first advent, the construction of Israel as a spiritual building was halted.
9. When the church is removed, this construction will resume with believers of the Tribulation and the Millennium.
10. At the end of the Millennium, those who are part of Israel will become a holy temple for all eternity.
11. At the first advent, Jesus Christ came as the foundation of Israel.

Spiritual Buildings of History (Continued)

12. But at Pentecost, He became the foundation for the church.
13. During the church age, Israel has a foundation, but an incomplete superstructure.
14. In grace, God gave the Jews an additional forty years after Pentecost to get into the new superstructure – the Church.
15. After that, the Jews came under the cycle of discipline when Titus and the legions of Rome destroyed Jerusalem and scattered the Jews.
16. During that Grace period, they were warned by the temporary gift of tongues of impending discipline.
17. Today, Jews are no longer to look to Jerusalem, but to Jesus Christ.
18. Believing Jews of today become a part of the Church, not Israel. They become a part of the Royal Family of God forever.
19. In His resurrection, ascension and session, JC is the starting point for the spiritual building of Israel. The Jews had every opportunity to understand that first advent from their rituals. Example: Every week on the Sabbath, they had 'SHAMA YISRAEL, ADONAI ELOHENU, ADONAI ECHAD,' "HEAR O ISRAEL, JOHOVAH IS GOD, JEHOVAH IS UNIQUE. ELOHENU – deity of Christ in hypostatic union. ECHAD – refers to His humanity in hypostatic union.
20. The meaning of this phrase celebrates the uniqueness of Jesus Christ – undiminished deity and true humanity in one person forever – the foundation for the new spiritual building called Israel.
