

UNDERSTANDING THE CHURCH AGE – AGE OF ISRAEL

CHURCH AGE

1. The church age interrupted the Age of Israel
2. Church age believers must understand church age information. (In the Acts – we have the establishment of early churches. In the epistles of Paul, we have God's message to the church.)
3. The church has a universal priesthood – each Christian is in such a battle that he must have access to God. (Personal victory to have success.)
4. The universal priesthood is from a Royal line.
5. In the church age, we have Christ (a historical Christology.)
6. In the church age we are in union with Christ.
7. Every saved person in the church age is responsible to share the Gospel.
8. In the church age we have the indwelling Spirit and the indwelling Christ.
9. Spirituality is God controlling the life.

AGE OF ISRAEL

1. The age of Israel is not completed
2. This was a trauma for Israel and Paul put salve to soothe and also became an apostle to the Gentiles.
3. Israel was a period of specialized priesthood. This priesthood is different than that of the church age.
4. The specialized priesthood was from a non-royal line.
5. In the age of Israel we have shadow Christology.
6. The covenants (study covenants to Israel) formed their positional truth.
(Not union with Christ.)
7. The born again of Israel became the custodian of the Gospel – or missionaries!
8. No indwelling of Spirit of Christ. They entrusted the Spirit.
9. Spirituality was trusting!
