

Wisdom from God

Wisdom is from God – learned by studying the Bible – shaped by the Holy Spirit. God delights to give; in fact He gives generously and doesn't insult you for asking.

Wisdom is not the product of philosophical speculation or intellectual accumulation – it is God's gift of the beauty of holiness.

Wisdom is reasoning power:

- the ability to follow the best course
- the art of being successful

Wisdom is found in the Lord Jesus Christ and not human rational thought.

God provides everything we need for life and godliness.

God provides what is necessary to face life's trials.

God provides the searching believer generously in Grace.
