

Believer's Decisions

1. Believers must decide which way to live life.
2. Either Divine or Cosmic – no in between.
3. Life in the *divine dynasphere* (DD) means historical up-trends for the client nation, as well as spiritual advance for the believer.
4. Life in the *cosmic system* (CS) means historical downtrends for the client nation as well as spiritual failure which mean cursing by association to the client nation.
5. Residence in the DD brings blessings.
6. Residence in the CS brings disaster.
7. Information received while out of fellowship has no motivation value.
8. Only truth learned in the DD results in spiritual momentum.
Rev. 2:16 – “Reside in the DD or else I will soon visit you with loving correction, in fact, if necessary, intense chastisement”.
