

God's Riches

The Greek word *ploutos* means wealth, riches, possessions, abundance of benefits.

1. In Heaven, there will be far more blessings than materialistic blessings, but while we are on earth, God desires to bless the mature believers with success, promotion, wealth, and in fact an abundance of benefits.
2. When a believer stays with God's plan, is perceptive to the Word of God, and is consistent in the intake of SF (Spiritual Food), he will have an enlarged capacity, which makes it possible for God to rain, pour, douse him/her with material and physical blessings, yet not ruin him/her.
3. The money situation is no effort for God – but capacity on the believers' part is always the problem.
4. God owns all the cattle on thousands of hills and desires to herd a large number of those on to your spiritual ranch. [Psalm 50:10-12](#)
5. The source of all wealth is God – and God has all these things with no place to put them since so many believers are sloppy, indifferent and too filled with selfish desires to be consistent enough, disciplined enough to advance to the top of Echo Mountain and have the capacity to receive God's riches (*ploutos*).
6. The CWL (Christian Way of Life) is receiving SF, advancing to maturity and beyond, gaining CFL (Capacity for Life), and then being the recipient of God's pouring.
7. God is not on starvation row and there is nothing spiritual about believers "suffering (so called) for Jesus." When there is capacity, there will be BLESSINGS. There is no starvation in God's essence. There is no poverty in God's attributes.
8. Not every EZ (Echo Zone) believer will be a multi-millionaire, but every EZ believer will be successful and will be blessed in a materialistic way. There will be many variations – but all of them will be great.
